

Call for Influenza Clinic Volunteers

Grant County Health Department is interested in developing a list of potential volunteers for clinics for the 2009-2010 flu season. H1N1 vaccine expected in October and it is anticipated that there will be numerous clinics including a mixture of daytime and evening clinics offered throughout Grant County. Therefore, Grant County Health Department is looking for RNs, LPNs, and unlicensed individuals to assist with clinic activities.

Once further information is obtained, we will be contacting interested individuals to provide further information and training. If you have an interest, please submit the following information by fax at (608) 723-6501, email at health@co.grant.wi.gov, or call (608) 723-6416 for further information:

| Name | License (RN, LPN) | Availability (day/evening) | Address | Phone Number | Email |
|------|----------------------|-------------------------------|---------|--------------|-------|
